

The **City of Guimarães** is Partner of **CITIES4CSR**, an URBACT Action Planning Network financially funded and supported by the European Regional Development Fund and the URBACT Programme.

CITIES4CSR is the first **URBACT** network across Europe that explicitly tackles the relationship between local governments and leading local business interests in the name of solving urban problems via **Corporate Social Responsibility (CSR)**.

The project started in September 2019 and will end in August 2022.

Harnessing territorial CSR to respond to urban needs

# Unlocking opportunities, improving cities
